Penny Drive

The students at Texico would like to invite you to participate in a Penny Drive Competition! Each homeroom (2nd period) class will collect pennies in their class pig for the next two weeks. The class with the largest total will win a class Coke Float Party! The rule is to bring pennies to count towards your class total. If you think that another class could possibly defeat you, then you can put silver change in their jar to TAKE AWAY from their total. (ex. \$10.00 total in pennies -\$2.00 in silver change= \$8.00) Jars will be totaled weekly so each class will be able to know the other classes' total. All pennies must be in by 8:00 am Thursday, December 15. Proceeds will go to Brexton's House, which is a ministry that will build an orphanage in memory of Brexton Day. For more information go to Familylegacy.com

SIDEBAR ARTICLES

This sidebar article was created with a text box. You can use a sidebar article for any information you want to keep separate from other articles or information that highlights an article next to it. These could include a list of contributors, addresses or contact information, a smaller self-contained story, a preview of the next issue, or a calendar of schedule. The example below shows a Calendar of Events.

MORE WAYS TO CUSTOMIZE THIS TEMPLATE

FOOTERS

To change the text at the very bottom of each page of your newsletter, click Headers and Footers on the View menu. Use the Header and Footer toolbar to open the footer, and replace the sample text with your own text.

INSERT SYMBOL

It is a good idea to place a small symbol at the end of each article to let the reader know that the article is finished and will not continue onto another page. Position your cursor at the end of the article, click Symbol on the Insert menu, choose the symbol you want, and then click Insert.

BORDERS

You can use page borders and text box borders to change the appearance of your newsletter. Borders on text boxes help keep different articles separate, and can set off sidebar articles from the rest of the page. To change a text box border, select it, double click its edge and choose the Colors and Lines tab in the Format Auto Shape dialog box.

QUESTIONS AND ANSWERS

Q: I would like to change some of the text box shading to improve the print quality. Can that be done?

A: Yes. To change the shading or color of a text box, select it and double click its borders to open the Format Text Box dialog box. Click the colors and lines tab and then choose the new color from the Color drop-down list in the Fill section.

Q: What's the best way to print this newsletter?

A: Print page 2 on the back of page 1. Fold in half and mail with or without an envelope. For best results, use a medium to heavyweight paper. If you're mailing without an envelope, seal with a label.

Q: I would like to use my own clip art. How do I change the art without changing the design?

A: To change a picture, click on the picture, then point to Picture on the Insert menu and click From File. Choose a new picture, and click Insert.

Q: How do I change the text and borders that appear at the bottom of every page?

A: Click Headers and Footers on the View menu. Use the Header and Footer toolbar to navigate among headers and footers, insert date or time, or format the page numbers. To change the text in the footer, select it and type your new text. To change the border, click Borders and Shading on the Format menu.

Q: Can I save a customized newsletter as a template for future editions?

A: Yes. First make any changes you want to this newsletter, then click Save As on the File menu. Choose Document Template from the Save as type drop down list (the extension should change from .doc to .dot). Save the file under a new name. Next time you want to create a newsletter, choose New from the File menu, then choose your template.
